DETAILED ACTION

Applicants' response of 3/17/08 has been considered with the following results.

The amendment filed on 3/17/08 is not responsive for the following reasons:

a) Applicants' have canceled claims 1-10 in their response of 12/13/07. Hence no amendments can be made to a canceled claim.

At the very least, a new claim 16 must be presented (i.e., the claim presented as claim 10 in the above noted communication). Nevertheless, this presents the same situation as presented in the amendment of 12/13/07 - i.e., canceling all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The new claim is not readable on the elected invention because:

Newly submitted claim 16 is directed to an invention that is independent or distinct from the invention originally claimed for the following reasons:

a) newly presented claim is drawn to a:

1) product – record medium,

Wherein,

a) ECC blocks as described including the left and right half rows and the left half is “exchanged” for a right half row.

b) RS (Read-Solomon) encoding,

reciting at least:

“ 16 bytes of an outer-code parity (PO) are attached to each of 172 x 2 columns to form an outer code of RS (Read-Solomon) (208, 192, 17),
10 bytes of an inner-parity code (PI) are attached to each of 208 x 2 half rows which includes the PO to form an inner code of RS (182, 172, 11) ...”.

The amended claim is not drawn to the same subject matter that applicants' had originally presented and received an Office action on.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, new claim 16 is withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
